

Laugh and Learn Preschool

Climate Sustainability Plan

Resource Conservation

	What we currently do	Changes we could make	Who and by when
Reduced, Reuse, Recycle	- Recycle bin in hall and kitchen and used at lunchtime with the children. - Parents encouraged to not use packeted items within lunchboxes. - Reuse cardboard for activities - Reusable cloths for tables/kitchen - Reusable soap dispensers and hand gel bottles- refillable soaps/handgel - Reuse towels for drying cups etc	- Consider recycle of crisp packets within the setting. - Collect milk bottle lids for art activities. - Introduce a clearer recycle area in the hall which would support the children to recycle more each day.	Autumn term 2025- Sustainability Lead
Energy Sufficiency	- LED light bulbs or low energy bulbs where possible - Thermostats in hall and quiet area - Switch off plugs when not in use. - Timer for heating - Only boil water we need. - Outside lights sensor activated - Use water from activities to water plants.	- Check energy tariff with supplier. - Thermostats to individual radiators - Consider solar power	Autumn term 2025-check with Hub committee.
Waste Reduction	- Food delivery without bags - Recycle bins readily available.	- Arrange food waste via collection service. - Limiting play activities using food however will use for supporting taste and textures.	Autumn term 2025- setting Owner/Manager

Ethical Practice

	What we currently do	Changes we could make	Who and by when
Sustainable Sourcing	• Biodegradable baby wipes • Bags for life used for shopping/resources. •	• Use Biodegradable food waste bags when arranged. • Consider eco-friendly cleaning products. • Vegetable garden for snack use	Autumn term 2025- Owner/Manager Spring term 2026- Sustainability Lead to consider planting.
Fair Trade	• Order fair trade food products where possible	•	
Sustainable travel	• Walk when exploring our community. • Staff and parents encouraged to walk where possible due to restricted parking	• Have a walk to Preschool week	Autumn term 2025- Sustainability Lead.

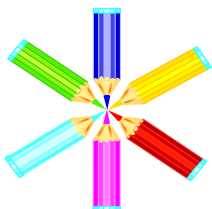

Environmental Education

	What we currently do	Changes we could make	Who and by when
Curriculum	• Sustainable month in Spring term • Recycling activities and bins available • Ocean week • Bug garden and insect hunts topics • Mud kitchen • Learning about plant growth	•	

Laugh and Learn Preschool Climate Sustainability Plan

	• Learning about healthy eating and where our food comes from • Learning about food waste through snack/lunch •		
Staff Training	• Named Sustainability Lead •	• Sustainability training as part of induction/appraisals • Look into additional training for Lead and staff.	Autumn term 2025- Owner/Manager
Parent Communication	• New Food and Nutrition Policy- includes information on healthy lunches and less use of single use plastic packaging. • Digital Policy's available on website • Digital half termly newsletter • Digital half termly invoices • Digital Parent Declaration forms for funding where possible. • Parents encouraged to donate spare clothes and resources. • Laugh and Learn Library to support sharing of books amongst peers. •	• Include Policy within welcome pack for new starters, consider amending to digital format. • Consider digital accident forms via Tapestry	Autumn term 2025-Owner/Manager Autumn term 2025- Dep Manager
